**by Bob Ringo**

# Create a Google Account

## Create Google Account

# Create a Google Account

## Create a new Google Account

### Your Google Account is more than just Search.

Talk, chat, share, schedule, store, organize, collaborate, discover, and create. Use Google products from Gmail to Google+ to YouTube, view your search history, all with one username and password, all backed up all the time and easy to find at (you guessed it) Google.com.

### Take it all with you.

A Google Account lets you access all your stuff — Gmail, photos, and more — from any device. Search by taking pictures, or by voice. Get free turn-by-turn navigation, upload your pictures automatically, and even buy things with your phone using Google Wallet.

### Share a little. Or share a lot.

Share selectively with friends, family (maybe even your boss) on Google+. Start a video call with friends, send a message to a group all at once, or just follow posts from people who fascinate you. Your call.

### Work in the future.

Get a jump on the next era of doing, well, everything. Watch as colleagues or partners drop in a photo, update a spreadsheet, or improve a paragraph, in real-time, from 1,000 miles away. Google Docs is free with a Google Account.

# Stop Words

Stop words are small common words like *the*, *and*, *to*, *for*, and *by* that Google ignores in a search since they would result in too many hits.

By enclosing a stop word in quotations, Google will include it in a search.

For example the word “*will*” can be either a personal name or an important genealogical artifact.

# Google Push Apps

**Google Alerts** are emails sent to you when Google finds new results -- such as web pages, newspaper articles, or blogs -- that match your search term. You can use Google Alerts to monitor anything on the Web. For example, people use Google Alerts to:

- find out what is being said about their company or product.
- monitor a developing news story.
- keep up to date on a competitor or industry.
- get the latest news on a celebrity or sports team.
- track ancestors.
- find out what's being said about themselves.

# Create an Alert
